Annapolis, MD 21403

EDUCATION

Bachelor of Science in Industrial Design Graduating May 2011
Virginia Polytechnic Institute and State University

Anne Arundel Community College 2005-2007
Art and Design

EXPERIENCE

Industrial Design Intern at Dell May 2010 - August 2010

Designed business-class laptops for Precision Mobile and Latitude. Led the aesthetic design of a network device for Optiplex. Worked on multiple projects with other designers and controlled documentation and all communication with a foreign model shop to create an appearance model. Produced animated storyboards, ideations, CAD models, and renders for a high-level product under Precision Mobile and presented them with a final model to executives at Dell EDG.

Freelance Designer at Locus Technology, Inc. Summer 2006 and 2009

Visualized a product for Locus and designed over one hundred graphic icons to be tested in their software. Also designed Ads, Charts, Posters, and Presentations to be used in magazines, manuals, and conferences in the USA, UK, and Thailand.

Manager at Parthenon Restaurant August 2001 - August 2008

In charge of the dining room and cashier's counter. Responsible for keeping inventory, organizing the bar, overseeing carry-out orders, and maintaining customer satisfaction.
